FACILITIES MANAGEMENT

Medical Office Cleaning Services

Maintaining a clean environment in a medical or dental office is a must for the health, safety and comfort of staff and patients. You can trust the professionals at JWN Facilities Management to complete the cleaning tasks necessary to help provide such an environment.

Our unique job management system ensures a clean and sanitised office environment. This system is based on our professional experience along with proper cleaning and sanitation methods required for dental and medical offices by AS/NZS 4187 and AS/NZS 4815.

Our cleaning plan will synchronise with the practices infection control risk management plan. Our cleaning will typically focus on high contact points, and work outwards from there.

We are a service-focussed business and as such we are always willing and eager to incorporate your offices' personal preferences and requirements in to our cleaning plan.

- Daily, weekly, bi-weekly and monthly service plans available
- After-hours and weekend service
- AS 4187 and AS 4815 compliant cleaning practices
- Uniformed, professional staff
- Routine quality assurance audits completed inside and outside of business hours
- ISO compliant management, safety and environmental systems
- Lowest price for the level of service, guaranteed
